fyi. Not sure if you know me. I retired from BLM a few years back and was an abandoned mine cleanup advisor for BLM out of our National Operations Center at the Federal Center. Let me know if you want more information. I really think he could help.

Subject: Gold King Spill

Hi Carol,
Not sure if you will see this, but TimTsukamoto did a treatability test for us on the American Tunnel discharge and his equipment could neutralize the Gold King discharge if EPA has a settling pond available. I would vouch for him if you need him. I could get you more info if you need it or you can contact him directly.
